EXPLORE BAJA IN THE THE SEA OF CORTEZ

Explore over 700 miles of the Sea of Cortez, starting at one end of Baja and ending at the other. Experience the magic of the Midriff Islands combined with the clear, warm waters of the south. We never know what will come our way on this adventure!

Each day you will awake to a fantastic sunrise amongst some of the most breathtaking scenery in the world, with clear skies, deep blue seas, and terrain only millions of years could create. Enjoy three to four dives daily as we move from island to island. Dive on untouched walls and reefs abounding in marine life. The north is a macro photographer's dream with nudibranchs, colorful blennies, dancing jawfish, and sea horses. Encounter large and small whale species, snorkel with whale sharks, see jumping mobula rays, dive with playful sea lion colonies and countless eels, octopus, fish, and jumping mobula rays.

The biodiversity between the northern and southern Sea of Cortez is incredible, and diving the entire Baja is spectacular! The sea life we witness on the surface from the boat, pangas, or snorkeling is fantastic. We can see dolphins, sea lions, pilot whales, humpback whales, fin whales, sperm whales, orcas, and mobula rays. We also have incredible birds, including blue and brown-footed boobie birds, cormorants, frigate birds, and the endemic yellow-footed gulls.

In the south, we dive the national park in Loreto and dive with beautiful tropical fish.. If you wish to hike the remote islands during surface intervals, a panga is always available to take you to shore. We also have kayaks to take a serene cruise around the islands. Between activities, get spoiled with excellent meals and the best crew in the industry.

The crew of Rocio Del Mar is here to help you in any way possible to make your exploration of the Baja Peninsula an unforgettable experience. Please let your crew know if there is anything you want or need anytime during your trip.

OUR VESSELS

Rocio del Mar and Quino el Guardian, approved by the Coast Guard, are highly seaworthy. They are equipped with state-of-the-art electronics and all necessary safety equipment, ensuring your peace of mind during the dive expeditions.

ROCIO DEL MAR

Rocio del Mar is 110' long with a 25' beam.

Rocio Del Mar accommodates 20 guests in ten air-conditioned cabins, each sleeping two guests. There are six cabins with two oversized twin bunks (cabins 1-6), two cabins with a full bed and a twin bunk (cabins 9 & 10 on the upper deck), and two cabins with a queen bed each (cabins 7 & 8).

Each cabin has four drawers for storage and clothing/towel hooks. It also has a bathroom with a lavatory, shower, and toilet. We provide shampoo, soap, and bath wash. There are no hair dryers.

Our guests enjoy comfortable mattresses and quality bed linens. Our steward cleans all rooms, bunks, and bathrooms during the first dives of the day. We provide bath towels and dive deck towels, which are changed mid-trip.

The galley is in the boat's bow and comfortably accommodates all 20 passengers. The galley also has a television and DVD player should the group want to do presentations.

We have a large salon on the upper deck with full-sized sofas, a TV, and a computer station.

There is an outside covered deck with comfortable patio furniture and a shaded sundeck with lawn chairs perfect for relaxing between dives.

There are two outdoor showers and a restroom next to the dive deck.

All voltage is 110, just like in the USA. Each bunk has a double outlet.

QUINO EL GUARDIAN

Quino el Guardian is 90' long with a 23' beam.

Quino el Guardian accommodates up to 18 guests. Most trips have 16 guests.

We have four individually controlled airconditioned cabins that sleep four guests each. There are two bunks on eachside, two upper and two lower bunks. Each bunk has a privacy curtain. Each cabin has four large drawers, one for each guest. Limited storage space is also under the bottom bunks, and clothing/towel hooks are in the main cabin area. Cabins are typically assigned by gender. One cabin has two bunks, one upper and one lower. This cabin is generally reserved for a couple.

Our guests enjoy comfortable mattresses and quality bed linens. Our steward cleans all rooms, bunks, and bathrooms during the first dives of the day. We provide bath towels and dive deck towels, which are changed mid-trip.

Quino has four air-conditioned bathrooms with a full-size shower in each bathroom on the dive deck. Each cabin is assigned a bathroom so guests can leave their items and towels inside. Shampoo and soap dispensers are in each shower. All passengers share two lavatories on the dive deck.

The galley comfortably accommodates up to 18 passengers. The galley also has a projector and a large drop-down screen should your group want to do presentations.

A comfortable salon has sofas, a TV, and a computer table.

There is an outdoor shower on the dive deck.

On the second deck is a large, shaded sundeck with lawn chairs for relaxing between dives.

All voltage is 110, just like in the USA. Each bunk has two double outlets.

QUINO EL GUARDIAN BOAT / CABIN LAYOUT
Cabins 1-4 have two upper and two lower bunks - Cabin 5 has one upper and one lower bunk.

DIVING

We require that all divers be open-water certified.

Our dive decks are well-organized, and each diver is assigned a dive station.

We have a spacious camera table with many power outlets and compressed air.

We provide 80 cubic ft. aluminum tanks that are both DIN & yoke compatible, as well as weights and belts.

We dive from two 18' Achilles inflatable pangas, each with a driver vigilantly looking for bubbles. Getting from the boat to the dive site typically takes just a few minutes. The pangas have sturdy, easy-to-use ladders.

We divide passengers into three groups, each with a divemaster to lead the dives. Each group will dress, receive a dive briefing, put on their gear, and board the panga. Divers enter the water with a backroll. Our crew is happy to help divers with knee or back issues. We dive as a group. At the end of the dive, the panga will come to you. Divers will remove their weight belt and BCD, and the driver will lift it into the boat. Once at the ladder, divers remove their fins and climb into the boat. When the panga returns to the boat, the crew will put your gear away for you. Our crew is happy to hand you your camera.

As diving can be physically demanding, it's crucial that divers are in good health, dive regularly, and have been diving recently. Our divemasters and instructors are guides only, and are not responsible for teaching dive skills or looking after guests who do not have basic buoyancy skills. Each diver must understand their diving capabilities and limitations.

We suggest booking a private divemaster if you need additional attention during your diving experience. This is \$975. To secure a private divemaster, please coordinate this at least 30 days before your trip. You can do this by contacting us at info@MexicoLiveboards.com.

Proof of diving certification and dive insurance is required.

Without proof, you will not be able to dive.
NO EXCEPTIONS!

COMMUNICATIONS

Our vessels maintain daily radio communication with our US office, and we are ready for constant communication in the event of an emergency. Your family and friends can contact our office at (602)558-9580 in an emergency. Our office staff will immediately assist your family and friends in getting messages to you. We also have a satellite phone onboard for your use and emergency needs at \$2 per minute.

We do not have Wi-Fi on the boat, but you may have cell service up to one hour from the marina.

PARK FEES

Park fees are 115 pesos per day in the park, whether diving or not.

CONANP is the park authority. Mexico Liveboards has no control over the park and must pay all park fees to CONANP when the boat departs.

PARK FEES ARE SUBJECT TO CHANGE WITHOUT NOTICE

FOOD & BEVERAGE

This is one of the things that our liveaboards are best known for ... the food!

Each day starts early with a continental breakfast with fresh fruit, cereals, bagels, yogurt, breads, and freshly brewed coffee. After the first dive, guests enjoy a plated, made-to-order breakfast. After the second dive, guests will be served a hot homemade soup followed by a hot plated lunch. We serve a large snack in the afternoon, often sandwiches, ceviche, fruit, cheeses, and more. For dinner, guests enjoy a three-course, plated meal with a salad, entrée, and homemade dessert. Hot and cold beverages are always available, including canned soft drinks.

Divers also enjoy complimentary beer and wine after their last dive of the day.

Our chefs can accommodate most special dietary needs, including gluten-free and vegan, with a wonderful variety of delicious options.

SPECIAL OCCASIONS

Please let us know if you are celebrating a special occasion such as a birthday or anniversary. We would love to celebrate it with you.

OUR CREW

The only thing better than the food aboard Rocio del Mar and Quino el Guardian is THE CREW! Our captain, steward, panga drivers, divemasters, and engineer work together as a team to ensure your comfort and safety and that you come away feeling like you have a new family in Mexico.

Please let your crew know if there is anything you want or need anytime during your trip. No request is too big, and no job is too small.

PASSENGER DOCUMENTS

Passenger information and liability releases are completed online. The more information we have about you (including dietary restrictions or preferences), the better we can serve you.

Please complete the **Online Passenger Registration** no later than 30 days before your departure date. This form can be found on the home page of our website, www.MexicoLiveboards.com. Scroll to the bottom of the home page, and it is under Pre-Trip Information.

Please read all of the instructions before you start and gather all relevant documents, such as dive certifications, medical and dive insurance information, etc.

Once you start, you will have a 4-hour window to complete the form; otherwise, you will need to restart the process. If you do not have the travel information now, you can leave it blank (and update it later).

To update your travel information, you can do this under **Online Passenger Travel Update**. This form can be found on the home page of our website, www.MexicoLiveboards.com. Scroll to the bottom of the home page and it is under under Pre-Trip Information.

The date format is month/date/year. The form will not accept any other format. Therefore, if you are receiving an error, this is likely the cause.
EXAMPLE: January 17, 2024 is 01/17/2024.

We have a **Customer Portal** for returning guests. Please email Guest Services at Documents@MexicoLiveboards.com and we will send you a link and password to the Returning Customer Portal.

Once you completed your passenger information, you can download and print a copy for your records.

The Harbor Master requires a copy of all passports prior to the trip. Please send this to Documents@MexicoLiveboards two weeks prior to your trip.

If you have any questions or need assistance, please get in touch with Valerie in Guest Services at Documents@MexicoLiveboards.com.

Please include if you are taking the shuttle as we coordinate the passenger list with Head Out To Rocky Point.

IF WE DO NOT RECEIVE YOUR PASSENGER DOCUMENTS, INCLUDING THE SIGNED LIABILITY RELEASE, PRIOR TO DEPARTURE, YOU MAY BE REFUSED BOARDING.

GETTING TO THE BOAT – NORTH TO SOUTH ITINERARIES

Our vessels are located in Puerto Peñasco, Mexico. It is approximately a four-hour drive from Phoenix, Arizona, and the border is crossed approximately one hour from Puerto Penasco.

FROM THE UNITED STATES

Most guests fly to Phoenix Sky Harbor Airport (airport code PHX) as it is the most convenient and closest airport to fly into to reach our port.

We facilitate transportation services to and from Phoenix and the boat through Head Out to Rocky Point. This shuttle service has 14 passenger vans that haul trailers for gear. The cost is \$115 per person, one-way, booked, and payable directly to Head Out to Rocky Point. If you require this service, please do two things:

- Reserve and pay at: www.HeadOutToRockyPoint.com/scuba
- Indicate this on your passenger documents

Head Out to Rocky Point accepts credit cards on their website, or you can pay by cash (USD only) on-site. Be sure to use this link as they provide our guests with a discounted rate.

The shuttle picks up all passengers promptly at 1 pm at Terminal 4, door #5 at the outer curb, northside arrivals. We suggest all passengers schedule their flight to Phoenix Sky Harbor airport to arrive no later than 11 am.

Head Out To Rocky Point has been in business since 2007 and does this route multiple times per week. The trip takes 4 ½ hours, and the driver will stop along the way, allowing people to use the restroom. There is a convenience store and grocery store should people want to purchase snacks, including alcoholic beverages. We cross the international border at Lukeville/Sonoyta about one hour before arriving at the boat.

OPTIONS WITHIN MEXICO

There are the following options for guests wanting to get to Puerto Peñasco within Mexico, listed in order of ease and popularity:

OPTION 1

Guests can fly into Hermosillo (airport code HMO). You can take a cab from the airport to the Albatros bus station (www.albatrosautobuses.com). There are several daily buses, and it takes about 5-6 hours. You must take the 7 am departure to arrive at Puerto Peñasco for the 5 pm boarding time.

OPTION 2

Guests can fly into Mexicali. This option is very rough travel, i.e., third-world travel. You will need to take a taxi from the airport to ABC bus station, about a 30 min taxi drive, estimated 500 pesos. ABC bus has only one bus scheduled to Puerto Peñasco for late flight arrivals. The bus doesn't leave until approximately 1 am and arrives in Puerto Peñasco at 6 am. That means guests would have to wait at the bus station until departure. The bus station is daunting, and you travel all night. Then they need to find something to do until the boarding time at 5 pm.

If the flight arrives early at Mexicali, there are more buses. We highly recommend making a bus reservation online otherwise, the guests stand in line at the bus terminal for a ticket.

FMM / MEXICAN TOURIST CARD

All passengers (except for Mexican nationals) must have an FMM. The Mexico FMM (Forma Migratoria Múltiple, also known as a tourist card) is a tourist permit that enables travelers to visit Mexico and is required by the Harbor Master. You can purchase an FMM at the border. The cost is approximately \$35 US and can be paid in cash or with a credit or debit card. If you use cash, it is good to bring \$3-\$5 extra as the amount can fluctuate based on the exchange rate, and the agents do not give change.

The boat cannot leave the harbor unless all passengers have an FMM.
NO EXCEPTIONS!

GETTING TO THE BOAT – SOUTH TO NORTH ITINERARY

Our vessels are located at Marina Puerto Los Cabos in San Jose del Cabo. Guests fly into San Jose del Cabo (airport code SJD). Guests are responsible for their transportation to and from the boat. The marina is about 25 minutes from the airport.

Taxis are easy to use. After you collect your bags and leave customs, you will enter a lobby. Before you exit the lobby to go outside, you will see a counter to the left that says TAXI. You can book a taxi and pay for it there via cash or credit card. The cost is approximately \$60 for two people..

Boarding begins at 5pm. Please do not board early, as the crew is busy getting the boat ready for you. If you arrive early and want to walk around San Jose del Cabo, you can take a taxi to the El Encanto Inn. The El Encanto Inn is in the heart of the Art District of the historic center of San Jose del Cabo. They are happy to store your luggage for you for \$7. The hotel is centrally located, has a restaurant and bar, and is surrounded by plenty of shops and restaurants.

When you are ready to go to the boat, the staff at El Encanto Inn can call a taxi.

If you prefer to go directly to the marina, the La Marina Inn is across the street. They are a quaint hotel with a bar/restaurant, and are happy for you to stop by while you wait to board.

DIRECTIONS FROM THE AIRPORT AND DOWNTOWN SAN JOSE DEL CABO

Marina Puerto Los Cabos is about a 25-minute taxi ride from the airport and 15 minutes from downtown San Jose del Cabo. Please drive toward the small fishing town of "La Playita" and El Ganzo Hotel. Once in the marina area, you will drive on a long, winding road with roundabouts. To your right, you will see a tall, beige building called MARINE GROUP and, on the other corner, an OXXO store. Turn right at the Marine Group building and OXXO store. Keep driving toward El Ganzo Hotel. Rocio del Mar is often docked about 100 yards before the El Ganzo Hotel. If it is not there, it is at another berth within the marina. The taxi driver can take you to the other berth, or you can wait outside of El Ganzo, and we will come and pick you up at 5pm.

RETURN

The boat will return to the marina in the early morning, and our steward will serve a continental breakfast.

SAN JOSE DEL CABO RETURN

Passengers must be ready to depart by 8:30 am. You will depart from San Jose del Cabo Airport (airport code SJD). Our crew will call taxis to get everyone to the airport or their hotel. We suggest flights departing at 11am or later.

PUERTO PEÑASCO RETURN

Passengers must be ready to depart by 7 am. Most guests depart from Phoenix Sky Harbor Airport (airport code PHX) as it is the most convenient and closest airport to Puerto Peñasco.

We facilitate transportation services to and from Phoenix and the boat through Head Out to Rocky Point. This shuttle service has 14 passenger vans that haul trailers for gear. The cost is \$115 per person, one-way, booked, and payable directly to Head Out to Rocky Point. If you require this service, please do two things:

- Reserve and pay at: www.HeadOutToRockyPoint.com/scuba
- Indicate this on your passenger documents

Head Out to Rocky Point accepts credit cards on their website, or you can pay by cash (USD only) on-site. Be sure to use this link as they provide our guests with a discounted rate.

Head Out To Rocky Point has been in business since 2007 and does this route multiple times per week. The trip takes 4 hours, and the driver stops along the way to allow people to use the restroom. There is also a convenience store and grocery store should people want to purchase snacks. We cross the international border at Lukeville/Sonoyta about one hour after departing the marina.

We suggest all passengers schedule their flight from Phoenix Sky Harbor airport at 2pm or later.

Before you leave, please double-check your cabin, salon, dive deck, and wetsuit rack for any personal items you may have left behind. Unfortunately, shipping forgotten items from Mexico is cost-prohibitive, and we cannot guarantee delivery.

WATER TEMPERATURES

One of the most popular questions we receive is about water temperature. The Sea of Cortez is a seasonal sea that changes temperature based on the seasons.

For trips in September, temperatures range from 76-78 degrees Fahrenheit in the north and warms as we go south. In October, the south remains in the low 80's, and the northern temperatures can go as low as 72-74.

The Sea of Cortez has vertical thermoclines! You can see the water shimmer before you feel it. There are cool as well as warm currents. During a single dive, experiencing a temperature difference of 10 degrees is quite normal. But don't worry, the cool thermoclines don't usually last long.

NITROX CERTIFICATION

We offer nitrox classes and certification through PADI on most of our trips. The price is \$200 per person. You will be able to dive nitrox throughout your trip. The price for nitrox is \$140 per person.

If you would like to take a Nitrox certification class, please contact Guest Services at documents@mexicoliveboards.com to confirm the availability of an instructor on your trip and make the appropriate arrangements.

SUGGESTED GEAR & CLOTHING

We absolutely recommend exposure protection on our trips. Many guests have found that a 3mm wetsuit works best for September, then a 3mm wetsuit with a hooded vest in mid-October. Guests may wear less during mid-day dives. Gloves are permitted and recommended. A light hood is good for night dives as there is significant krill in the water. A rash guard for sun protection is suggested when snorkeling with whale sharks.

We recommend a dive light, as looking under the rocks and crevices is fun. Plus, it makes the colors come alive!

The dress is casual. Do not forget your hat, sunglasses, and sunscreen.

Stream2Sea makes reef-safe sunscreen, and [we have a link on our website](#) and our guests receive a 10% discount.

Every diver is required to have a dive computer, a safety sausage (SMB) and a whistle.

RENTAL DIVE EQUIPMENT

We have a limited number of regulators, BCDs, and HP steel 100cu ft/12L steel tanks available for rental at \$50 each per trip. We also have Shearwater Peregrine computers for rent at \$75 each per trip. Please let us know as early as possible before your trip if you want to rent equipment so we have it onboard for you. We do not rent exposure suits, hoods, fins, masks, safety sausages (SMBs), whistles, or lights. As we have a limited number of these items available to rent, they are available on a first-come, first-served basis. Please contact Valerie in Guest Services to reserve your equipment at Documents@MexicoLiveboards.com.

We do not have wetsuits, fins, masks, booties, SMBs, etc. As this is a one-way trip, there is no facility available for gear rental, so you will need to bring this with you.

SPECIAL NOTE – BEES

At some islands in the northern portion of the Sea of Cortez, we can encounter swarms of honeybees that come to the boat searching for fresh water in the rinse tanks and near the outside showers. We encourage everyone to wear foot coverings when walking around the deck. Divers with an anaphylactic response to bee stings should carry their own EpiPen or equivalent. If your epinephrine device needs to be stored at 68-77F, please see the lead divemaster or captain when boarding, and we will keep these in the galley for you.

WHAT IS INCLUDED IN THE PRICE OF THE TRIP

All taxes & port fees

All meals, snacks, and beverages, including canned soft drinks

Complimentary local beer and wine

Tanks (aluminum 80cu ft), weights, and weight belts

WHAT IS NOT INCLUDED IN THE PRICE OF THE TRIP

National Park Fee – 115 pesos per day of diving*

Nitrox Fee - \$140

Transfers to and from the boat

Crew Gratuity (10%-15% of the trip price is customary)

Rental Gear (if applicable)

Fuel Surcharge** if applicable

Park fees, nitrox, and gratuities can be paid at the end of the trip or before departure. To pay in advance, please contact Carmina at Carmina@MexicoLiveboards.com. We use the conversion rate for the park fee based on the day of sailing. If there is a difference, you can pay for it at the end of the trip.

Mexico Liveboards accepts US dollars, euros, pesos, Visa, MasterCard, American Express, and Discover Credit Cards. We do not charge a fee for credit card use.

*Park fee is only charged on diving days (not travel days) for all passengers, whether diving or not. It is subject to change without notice.

**Fuel Surcharge: Rocio del Mar has the right to implement a fuel surcharge on all trips if the cost of fuel exceeds 20 Pesos per liter. Should this occur, all guests will be notified before boarding.

OTHER IMPORTANT INFORMATION

Although we do our best to accommodate cabin-type requests, we reserve the right to assign all cabins.

All guests are required to have dive/evacuation insurance. [Dive insurance can be purchased through our website from Divers Alert Network.](#) If you have private health insurance coverage for dive accidents/evacuation, provide only the page that states coverage for a scuba diving accident (including evacuation) and the declaration page showing you are the owner of the policy and policy number.

You will be at sea, and though it can often be calm, please be prepared for rough seas. Several over-the-counter remedies can help you. If you have a propensity to motion sickness or are concerned that you might develop symptoms, please prepare yourself with preventive measures before departure. Please consult your physician about what will work best for you.

Marijuana and all drugs are illegal in Mexico. Do not bring these on board.

UNFORESEEN EVENTS / TRIP INSURANCE / TRIP INTERRUPTION

Rocio del Mar and Quino el Guardian are of the utmost seaworthiness and approved by the US and Mexican Coast Guards. They are equipped with state-of-the-art electronics and all required safety equipment.

Passenger safety is paramount; therefore, the captain has the sole discretion to change, delay, return early, or cancel the cruise if necessary. Reasons include, but are not limited to, bad weather, perils of the sea, acts of God, political incidents, or force majeure.

We highly suggest trip insurance as it can reimburse you for unused, non-refundable, prepaid trip costs if you are prevented from taking your trip due to a covered reason. All trip insurance is not the same, so it is essential to make sure that you purchase travel insurance that includes travel interruption.

[Trip insurance can be purchased through our website from Divers Alert Network.](#)

We highly recommend all passengers purchase travel insurance.
