About the Sea of Cortez / Midriff Islands

Imagine yourself immersed in a world teeming with life, a vibrant underwater ballet unfolding before your eyes. This isn't a dream; it's the Sea of Cortez, a place Jacques Cousteau famously dubbed the "world's aquarium." Adventure awaits beneath the surface in the warm embrace of the Mexican sun.

Picture this: You descend into the nutrient-rich waters, where pristine walls explode with color. See the regal king angelfish, the endemic Cortez angelfish, dozens of triggerfish, and the schools of other fish as they shimmer and swirl, a kaleidoscope of marine diversity. Fields of black coral create an ethereal and otherworldly landscape. Playful sea lions, with their curious eyes and acrobatic antics, invite you to share their underwater playground. Be sure to keep your eyes peeled for the many rays and eels while octopuses, masters of disguise, blend into the rocks upon which they sit.

On the surface, stay alert for mobula rays leaping from the water in a breathtaking aerial display, a dance of nature you won't soon forget. The Captain stays alert to tell you when we come across giant pods of dolphins, fin, sperm, or pilot whales. You may even see the powerful dorsal fin of an orca in the distance. And don't forget that we stop at Bahia de Los Angeles to snorkel with whale sharks, these gentle filter feeders, as they glide effortlessly through the water.

But the magic of the Sea of Cortez isn't just about the big encounters. It's in the details, too.

For macro photographers, the Sea of Cortez is a paradise. Vibrant nudibranchs crawl across the reef in a rainbow of hues while colorful blennies peek out from their rocky homes. Watch closely; you might spot dancing jawfish or the elusive seahorse clinging delicately to a swaying strand of seaweed.

The Sea of Cortez is more than just a dive destination; it's an experience that awakens your senses and connects you with the natural world's wonders. It is where the desert meets the sea, where the stars seem so close at night you can touch them. We are excited to share this incredible destination with you.

This destination is excellent for snorkelers!

Our Vessels

Rocio del Mar is Coast Guard-approved and equipped with state-of-the-art electronics and all necessary safety equipment, ensuring your peace of mind during dive expeditions.

Rocio del Mar

- 110' with a 25' beam
- Custom-designed and built specifically for divers in 2008
- Takes 20 divers
- 10 Private Staterooms for two people with an ensuite bathroom
- External stabilizers

MAIN DECK

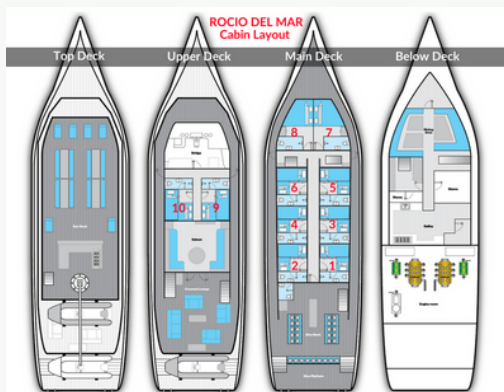

- 6 cabins with 2 XL twin bunks (cabins 1-6)
- 2 cabins with a queen bed (cabins 7-8)
- Dive deck
- Large fully equipped camera table
- Bathroom on the dive deck
- Two freshwater showers

UPPER DECK

- 2 Staterooms with a double bed and single bunk (cabins 9-10)
- Large salon with oversized furniture, a television, and a computer station
- Covered patio with comfortable outdoor furniture for relaxing

TOP DECK

- Shaded sun deck with deck chairs
- Outdoor kitchen and serving area
- All interior areas are fully air-conditioned, including cabins, salon, galley, and hallways
- Voltage is 110, and outlets are just like in the US
- The vessel receives complete service every June
- All prices are based on double occupancy

Quino del Mar

- 118' with a 26.5' beam
- Custom-designed and built specifically for divers in 2025
- Takes 20 divers
- 10 Private Staterooms for two people with an ensuite bathroom
- Built-in and external stabilizers

BELOW DECK

- 2 extra-Large cabins with 2 queen beds per cabin (cabins 9-10)

MAIN DECK

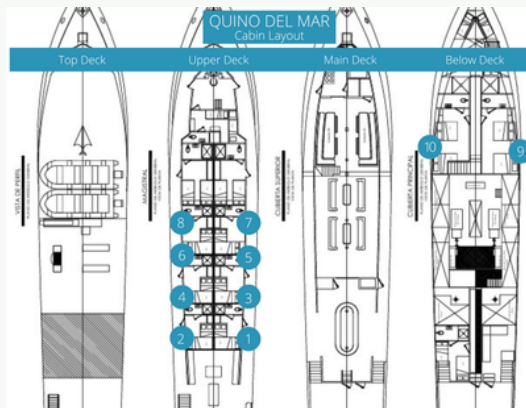

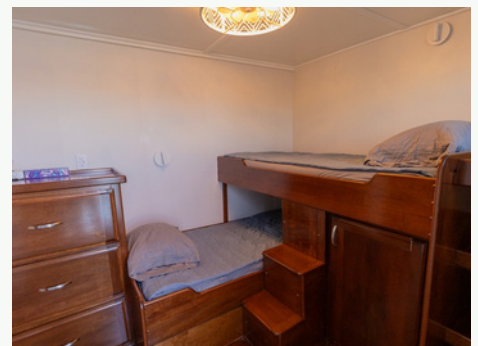

- Galley and dining room
- Large Salon with oversized furniture, a television, and a computer station
- Dive deck
- Large fully equipped camera table
- Bathroom on the dive deck and in the salon
- Two freshwater showers

UPPER DECK

- 6 cabins with 2 twin bunks (cabins 1-6)
- 2 cabins with 2 twin beds that can also be made into a king bed (cabins 7-8) **
- Outdoor patio with coffee and beverage station

TOP DECK

- Shaded sun deck with deck chairs
- Outdoor kitchen and serving area
- All interior areas are fully air-conditioned, including cabins, salon, galley, and hallways
- Voltage is 110, and outlets are just like in the US
- The vessel receives complete service every June
- All prices are based on double occupancy

**Please inform Guest Services if you prefer two twin beds or a king bed arrangement BEFORE boarding.

Diving

We require all divers to be open-water certified.

Our dive platforms are meticulously arranged, with each diver assigned a designated dive station.

On board, a well-equipped camera table, with numerous power outlets and access to compressed air is available. We have fire-retardant Lipo bags for charging lithium batteries.

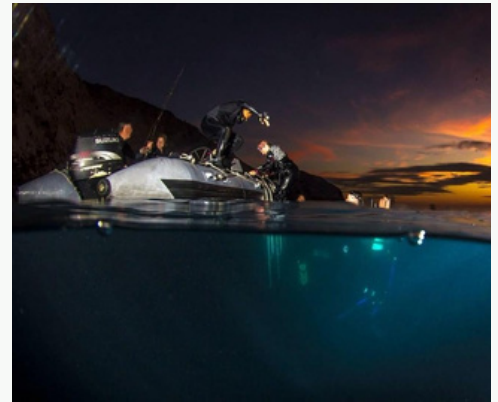

We furnish 80 cubic ft. aluminum tanks compatible with both DIN and yoke connections, along with weights and belts for divers' convenience.

Our diving operations utilize two 18-foot Achilles inflatable pangas, each accompanied by a vigilant driver who constantly monitors for emerging bubbles. The transfer from the boat to the dive site is typically brief, facilitated by sturdy and user-friendly ladders on the pangas.

Passengers are organized into three groups, each led by a divemaster for the dive excursions. Upon receiving a detailed dive briefing, each group gears up, embarks on the panga, and enters the water with a backroll entry. Our attentive crew is available to assist divers with any physical limitations they may have. Group dives are conducted, and at the conclusion of the dive, the panga will approach each diver. Weight belts and BCDs are removed and lifted into the boat by the driver, and divers then remove their fins before boarding the vessel. Upon returning to the main boat, the crew will stow the gear and can hand back any cameras to the divers.

Given the demanding nature of diving, participants must maintain good physical health, engage in regular diving activities, and have recent diving experience. Our divemasters and instructors serve as guides solely and are not responsible for providing diving instruction or supervising guests lacking fundamental buoyancy skills. It is imperative that each diver comprehends their own diving proficiencies and limitations.

For those requiring more personalized attention during their diving ventures, booking a private divemaster is recommended at a rate of \$600. To secure a private divemaster, please coordinate this arrangement at least 30 days before your scheduled trip by emailing us at info@MexicoLiveboards.com.

Proof of diving certification and dive insurance is required.

Without proof, you will not be able to dive.
NO EXCEPTIONS!

Communications

Our vessels maintain daily radio communication with our US office, and we are ready for constant communication in the event of an emergency. In an emergency, your family and friends can contact our office by phone or WhatsApp at +1 602 558 9580. Our office staff will immediately assist your family and friends in getting messages to you.

Wi-Fi

We have limited Wi-Fi available for purchase at \$50 per device. This provides full internet access within a 10-mile radius of an island and from the port.

While near the islands, guests can post to social media, access email, download videos, make WhatsApp calls, etc.

It is not available during open ocean crossings.

Itinerary

Day 1: Embark at 5 pm in Puerto Peñasco / Dinner and departure at approximately 7 pm

Day 2: Isla Ángel de la Guarda / 3 dives / Sunset cruise with sea lions

Day 3: Isla Ángel de la Guarda / 3 dives and a night dive

Day 4: Isla San Pedro Mártir / 3-4 dives

Day 5: Isla San Pedro Mártir / 3-4 dives

Day 6: Isla Salsipuedes / Isla Las Ánimas / 3 dives and a night dive

Day 7: Bahía de los Ángeles / 2 dives / Snorkel with whale sharks

Day 8: Arrive in Puerto Peñasco and disembark at 7:30 am

Park Fees

Park fees are 240 pesos per day, regardless of whether guests are diving. There are six days.

CONANP is the park authority. Mexico Liveboards has no control over the park and is required to pay all park fees to CONANP upon departure.

Park fees are subject to change without notice.

Food & Beverage

This is one of the things that our liveboards are best known for ... the food!

Each day starts early with a continental breakfast with fresh fruit, cereals, bagels, yogurt, breads, and freshly brewed coffee. After the first dive, guests enjoy a plated, made-to-order breakfast. After the second dive, guests will be served a hot homemade soup followed by a hot plated lunch. We serve a large snack in the afternoon, often sandwiches, ceviche, fruit, cheeses, and more. For dinner, guests enjoy a three-course, plated meal with a salad, entrée, and homemade dessert. Hot and cold beverages are always available, including canned soft drinks.

Divers also enjoy complimentary beer and wine after their last dive of the day.

Our chefs can accommodate most special dietary needs, including gluten-free and vegan, with a wonderful variety of delicious options.

Special Occasions

Please let us know if you are celebrating a special occasion such as a birthday or anniversary. We would love to celebrate it with you.

Our Crew

The only thing better than the food aboard Rocio del Mar and Quino del Mar is THE CREW! Our captain, steward, panga drivers, divemasters, and engineer work together as a team to ensure your comfort and safety, so you come away feeling like you have a new family in Mexico.

Please let your crew know if there's anything you want or need at any time during your trip. No request is too big, and no job is too small.

Passenger Documents

Passenger information and liability releases are completed online. The more information we have about you (including dietary restrictions or preferences), the better we can serve you.

Please complete the **Online Passenger Registration** no later than 30 days before your departure date. This form can be found on the home page of our website, www.MexicoLiveaboards.com. Scroll to the bottom of the home page, and it is under Pre-Trip Information.

Please read all of the instructions before you start and gather all relevant documents, such as dive certifications, medical and dive insurance information, etc.

Once you start, you will have a 4-hour window to complete the form; otherwise, you will need to restart the process. If you do not have the travel information now, you can leave it blank (and update it later).

To update your travel information, you can do this under **Online Passenger Travel Update**. This form can be found on the home page of our website, www.MexicoLiveaboards.com. Scroll to the bottom of the home page and it is under *Pre-Trip Information*.

The date format is month/date/year.

The form will not accept any other format. Therefore, if you are receiving an error, this is likely the cause.

EXAMPLE: January 17, 2025 is 01/17/2025.

For returning guests, we have a **Customer Portal**. Please email Guest Services at Documents@MexicoLiveaboards.com, and we will send you a link and password to the Returning Customer Portal.

Once you have completed your passenger information, you can download and print a copy for your records.

If you have any questions or need assistance, please get in touch with Valerie in Guest Services at Documents@MexicoLiveaboards.com.

The Puerto Penasco Harbor Master requires a photocopy of each passenger's passport. Please email this to Valerie in Guest Services at Documents@MexicoLiveaboards.com at least two weeks prior to departure.

If we do not receive your passenger documents, including the signed liability release, prior to departure, you may be refused boarding.

Getting to the Boat

Our vessels are located at the Marina Fonatur in Puerto Peñasco, Mexico, which is approximately a four-hour drive from Phoenix, Arizona.

FROM THE UNITED STATES

Most guests fly into the Phoenix, Arizona Sky Harbor Airport (airport code PHX) to get to Puerto Peñasco. A private shuttle company, Head Out To Rocky Point, picks up everyone at 1 pm at the airport. They have large, 12-passenger, air-conditioned vans with trailers for the luggage. The shuttle gets you to the boat by 5:30 pm. At the end of the trip, they pick up at 7:30 am and get everyone to the airport by noon. They are experienced in crossing the border and assisting guests throughout the process. The price for this is \$175 per person, round-trip.

- Reserve and pay at www.HeadOutToRockyPoint.com/scuba
- Indicate this on your passenger documents

Head Out to Rocky Point accepts credit cards on their website, or you can pay on-site by cash (USD only). Be sure to use this link as they provide our guests with a discounted rate.

The shuttle picks up all passengers promptly at 1 pm at Terminal 4, door #5 at the outer curb, north side arrivals. We suggest all passengers schedule their flight to Phoenix Sky Harbor airport to arrive no later than 11 am.

Head Out To Rocky Point has been in business since 2007 and does this route multiple times per week. The trip takes 4 ½ hours, and the driver stops along the way to allow people to use the restroom. There is also a convenience store and grocery store should people want to purchase snacks, including alcoholic beverages. We cross the international border at Lukeville/Sonoyta about one hour before arriving at the boat.

Head Out To Rocky Point prices are subject to change without notice.

DRIVING TO PUERTO PEÑASCO

The boat is located at Marina Fonatur in Puerto Peñasco. The address is C. Recinto Portuario 101, Recinto Portuario, 83554 Puerto Peñasco, Sonora, Mexico. Guests cross the US/Mexican border at Lukeville (US) and Sonoyta (Mexico). Secure parking is available next to the marina for \$5 per day. When you arrive, a divemaster will show you where to park.

OPTIONS WITHIN MEXICO

There are the following options for guests wanting to get to Puerto Peñasco within Mexico, listed in order of ease and popularity:

OPTION 1

Guests can fly into Hermosillo (airport code HMO). You can take a cab from the airport to the Albatros bus station (www.albatrosautobuses.com). There are several daily buses, and it takes about 5–6 hours. You must take the 7 am departure to arrive at Puerto Peñasco for the 5 pm boarding time.

OPTION 2

Fly into Mexicali and rent a car. You will want to rent a car for the round trip because the same-day drop-off fee is outrageous. Secure parking is available next to the marina for \$5 per day.

OPTION 3

Guests can fly into Mexicali. This option is very rough travel, i.e., third-world travel. You will need to take a taxi from the airport to the ABC bus station, about a 30-minute taxi ride, estimated at 500 pesos. ABC bus has only one bus scheduled to Puerto Peñasco for late flight arrivals. The bus doesn't leave until approximately 1 am and arrives in Puerto Peñasco at 6 am. That means guests would have to wait at the bus station until departure. The bus station is daunting, and you travel all night. Then they need to find something to do until the boarding time at 5 pm.

If the flight arrives early at Mexicali, there are more buses. We highly recommend making a bus reservation online; otherwise, guests will have to stand in line at the bus terminal for a ticket.

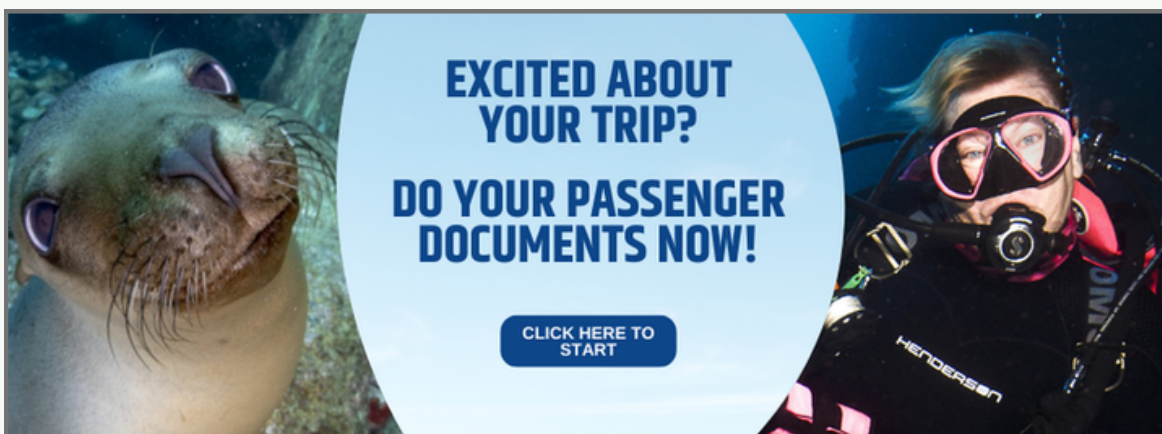

Transportes Abc

Transportation service in Mexicali, Mexico

Address: Blvd Lázaro Cárdenas 407, Los Reyes, 21298 Mexicali, B.C.

Phone: 01 686 131 7282

www.abc.com.mx

FMM / Mexican Tourist Card

All passengers (except for Mexican nationals) must have an FMM. The Mexico FMM (Forma Migratoria Múltiple, also known as a tourist card) is a permit that enables travelers to visit Mexico as tourists. You must stop at the border and get an FMM. If you are staying for more than 7 days, you must pay a fee of approximately \$48. Please have cash as well as a credit card available.

We are not aware of a convenient and consistent way to purchase an FMM online.

The boat cannot leave the harbor unless all passengers have an FMM. NO EXCEPTIONS!

Return

The boat will return to the marina in the early morning, and passengers must be ready to depart by 7 am. Our steward will serve a continental breakfast. The shuttle will pick up passengers promptly upon disembarking. The trip takes 4 ½ hours and will cross the international border approximately one hour after departure. The driver will stop along the way, allowing people to use the restroom and purchase snacks.

Guests can book their departing flight from the Phoenix Sky Harbor Airport at 2 pm or later.

Water Temperatures

One of the most popular questions we receive is about water temperature. The Sea of Cortez is a seasonal sea that changes temperature based on the seasons. Our trips begin in early July when the temperatures are approximately 73–78 degrees Fahrenheit (cooler in the northern portion of the diving and warmer in the south). It increases by about two degrees Fahrenheit every week, tops off at about 79–84 degrees mid-August, and remains there until about mid-September. After mid-September, the temperatures drop an average of two degrees Fahrenheit weekly.

Special Note - Bees

At some islands, we can encounter swarms of honeybees that come to the boat searching for fresh water in the rinse tanks and near the outside showers. We encourage everyone to wear foot coverings when walking around the deck. Divers with an anaphylactic response to bee stings should carry their own EpiPen or equivalent. If your epinephrine device needs to be stored at 68–77F, please see the lead divemaster or captain when boarding, and we will keep these in the galley for you.

Suggested Gear & Clothing

We absolutely recommend exposure protection on our trips. Many guests have found that a 5mm wetsuit with a hooded vest works best for July through the first week of August, then a 3mm wetsuit with a hooded vest through mid-September. Guests may wear less during mid-day dives in late August and early September. Gloves are permitted and recommended. A rash guard for sun protection is suggested when snorkeling with whale sharks. If you have one, a light hood for night dives is good, as there can be large amounts of krill in the water.

We recommend a dive light, as looking under the rocks and crevices is fun. Plus, it makes the colors come alive!

The dress is casual. Do not forget your hat, sunglasses, and sunscreen.

Stream2Sea makes reef-safe sunscreen, and [we have a link on our website](#) and our guests receive a 10% discount.

Every diver is required to have a dive computer, a safety sausage (SMB) and a whistle.

Rental Dive Equipment

We have a limited number of regulators, BCDs, dive computers, and HP steel 100 tanks available for rent.

Regulators, BCDs (size required), dive computers \$75 each
HP 100cu ft/12L \$50 each

Please let us know as early as possible before your trip if you want to rent equipment so we have it onboard for you. Rental gear is on a first-come, first-served basis. We do not rent exposure suits, hoods, fins, masks, safety sausages (SMBs), whistles, or lights.

To reserve rental equipment, contact Valerie in Guest Services at Documents@MexicoLiveboards.com.

We do not rent wetsuits, fins, masks, SMBs, etc. and there is no place to rent equipment in Puerto Penasco. You need to bring the equipment with you.

Nitrox Certification

If you are not nitrox certified and would like to do so on the boat, we offer nitrox classes and certification through PADI on most of our trips. The price is \$200 per person. You will be able to dive nitrox throughout your trip. The price for nitrox is \$140 per person.

Please contact Guest Services at documents@mexicoliveaboards.com to confirm the availability of an instructor on your trip and make the appropriate arrangements.

What is Included in the Price of the Trip

All taxes & port fees

All meals, snacks, and beverages, including canned soft drinks

Complimentary local beer and wine

Tanks (aluminum 80cu ft), weights, and weight belts

What is Not Included in the Price of the Trip

National Park Fee – 240 pesos per day in the park (1440 pesos for the trip)*

Nitrox Fee – \$140

Transfers to and from the boat

Crew Gratuity (10%–15% of the trip price is customary)

Rental Gear (if applicable)

Fuel Surcharge** if applicable

Nitrox and gratuities can be paid before departure or at the end of the trip. To pay in advance, please contact Carmina in Accounting at Carmina@MexicoLiveaboards.com.

We accept credit cards or cash in USD, EUR, or MXN if paid on the boat. We do not charge a credit card service fee.

*Park fee is subject to change without notice.

**Fuel Surcharge: Mexico Liveaboards reserves the right to implement a fuel surcharge on all trips in the event the cost of fuel exceeds 20 Pesos per liter. Should this occur, all guests will be notified before boarding.

Before disembarking, please take a moment to carefully check your cabin, salon, dive deck, camera table, and wetsuit rack for any personal belongings. Retrieving and shipping forgotten items from Mexico is time-consuming and costly, and we are unable to accommodate such requests. We appreciate your attention to this matter and thank you for your understanding.

Other Important Information

Although we do our best to accommodate cabin-type requests, Mexico Liveboards reserves the right to assign all cabins.

All guests are required to have dive insurance. If you need this, you can purchase it at www.DiversAlertNetwork.org. If you have private health insurance coverage for dive accidents, provide only the page that states coverage for a scuba diving accident, including evacuation, and the declaration page showing you are the owner of the policy and policy number.

You will be at sea, and though it can often be calm, please be prepared if we have rough seas. Several over-the-counter remedies can help you. If you have a propensity to motion sickness or are concerned that you might develop symptoms, please prepare yourself with preventive measures before departure. Please consult your physician about what will work best for you.

Marijuana and all drugs are illegal in Mexico. Do not bring these on board.

Unforeseen Events / Trip Insurance / Trip Interruption

Rocio del Mar and Quino del Mar is of the utmost seaworthiness and approved by the US Coast Guard and the Mexican Coast Guard. She is equipped with state-of-the-art electronics and all necessary safety equipment.

Passenger safety is paramount; therefore, the captain has the sole discretion to change, delay, return early, or cancel the cruise if necessary. These reasons include, but are not limited to, adverse weather conditions, perils of the sea, acts of God, political disturbances, or force majeure.

We highly suggest trip insurance as it can reimburse you for unused, non-refundable, prepaid trip costs if you are prevented from taking your trip due to a covered reason. Not all trip insurance is the same, so it's essential to ensure that you purchase travel insurance that includes travel interruption coverage.

Trip insurance can be purchased at www.DiversAlertNetwork.com.

We highly recommend all passengers purchase travel insurance.

Deposits & Cancellation Terms

INDIVIDUAL BOOKINGS

DEPOSITS

- A 25% deposit is due to hold the reservation
- 25% is due six months before the scheduled trip date
- The remaining balance is due three months before the scheduled trip date

Ensuring all scheduled payments are made on time is crucial. Failure to do so may result in the cancellation of your trip, with all monies paid to date being forfeited.

CANCELLATIONS

- There is no penalty for cancellations made 9 months or more before the scheduled trip date
- 25% of the total rate will be forfeited for cancellations made 91 days to 9 months before the scheduled trip date
- 50% of the total rate will be forfeited for cancellations made 61 to 90 days before the scheduled trip date
- No refunds for cancellations made 60 days prior or less to the scheduled trip date

GROUP BOOKINGS

DEPOSITS

- A \$5,000 non-refundable deposit is due to hold the reservation
- 25% of the trip price is due one year before the scheduled trip date (the \$5000 deposit can be used to make up the 25% deposit)
- 25% is due six months before the scheduled trip date
- The balance less your commission is due three months before the scheduled trip date

Ensuring all scheduled payments are made on time is crucial. Failure to do so may result in the cancellation of your trip, with all monies paid to date being forfeited.

CANCELLATIONS

- There is no penalty for cancellations made 12 months or more before the scheduled trip date; however, the \$5000 deposit is non-refundable
- 25% of the total rate will be forfeited for cancellations made 12 months to six months before the scheduled trip date
- 50% of the total rate will be forfeited for cancellations made six months to 91 days before the scheduled trip date
- No refunds for cancellations made 90 days or less before the scheduled trip date

Hotels Near Phoenix Sky Harbor International Airport

If you are taking the Head Out to Rocky Point shuttle, you will need to return to the airport to pick up the shuttle (Terminal 4, door #5 at the outer curb, north side arrivals). Pick up is at 1 pm. If you have a group of 10 staying at the same hotel, Head Out to Rocky Point will pick you up at your hotel. Please arrange this directly with Head Out To Rocky Point at HeadOutToRockyPoint@gmail.com.
